**AMENDMENT** 

**Technology Center 2600** 

Sir:

This is responsive to the Final Office Action dated November 29, 2001 in connection with the above-referenced patent application.

## **IN THE CLAIMS:**

The applicants have cancelled claims 13 - 20 and further amended independent claims 1, 6 and 8 as follows. A replacement of the amended claims are also enclosed for further examination.

1. A computer telephony server for interfacing a plurality of computer telephony applications programs to one or more of a plurality of telephony environments, the plurality of environments being accessible to the computer telephony server, said computer telephony server comprising:
